

Kindergarten - Wildcat Day #5 Ticket

Date: _____

Snow Day Packet Directions:

For each snow day (Wildcat Day) we miss, your child will need to fill out and return a Wildcat ticket. Listen to the news to see what Wildcat day we are on. If it is a #1 snow day, return snow day #1 ticket, if it is a #2 snow day, return the #2 snow day ticket. If your child doesn't return a snow day ticket this will hinder the participation percentage we need to count this as a make-up day. Therefore, we could have to make this day up at the end of the year.

Reading: Students should complete 1 activity from the Reading Menu (see attached sheet), **AND** the Reading Log listed below.

Math: Students should complete 1 activity from the Math Menu (see attached sheet)

Specials: Today's specials class is P. E. Students are to pick one P.E. activity of their choice and complete it along with their reading activity, reading log, and math activity. Then return all work on the next day of school!

STUDENTS MUST RETURN THE SNOW DAY TICKETS ON THE DAY WE RETURN! A TICKET MUST BE RETURNED FOR EACH SNOW DAY MISSED! ALL WORK MUST BE ATTACHED TO THE SNOW DAY TICKET WITH PARENT SIGNATURES!

Today's special is P.E. Please select an activity from the P.E menu attached.

Activity Chosen: _____

If you have any questions please contact your child's teacher through the Remind App, email, or text.

Name _____

Wildcat Day - 5

Your child must complete one activity from each section (reading and math). Color the box for the activity chosen. All work is due the day following the snow day.

Reading	Math
Pretend you are going to make something good to eat on a cold winter day. Make a list of all the things you need to buy at the store and draw each item on your sheet. (Parents, let the children sound out the words and spell them on their own). List at least 10 items.	Get a deck of cards and flip over 10 cards (need to use 2-10). For each card, write the numeral and draw the correct spatial pattern for each.
Practice your list of K sight words 2 times. Write each color word. Draw and write something that is the correct color for each word.	Use cereal, candy, marshmallows, pretzels, etc. to compare groups (use 15-20 pieces), separate the pieces into two groups, write out the correct comparison for each problem. Do 15 comparisons. Is it > more, <less, or the same =? Ex. $5 > 3$ $4 < 10$ $10 = 10$
Read a story. Act out their favorite part of the story. Parents score the child on their speaking skills. See attached rubric.	Use a deck of cards and play War with someone in your family. Take out the J,K,Q,A and only use the cards with numbers on them. The child tells which number is greater and write the comparison for 10 of them. Ex. $9 > 3$
Read a book of your choice and focus on the character. Draw a picture of the character and write the title of the book and the characters name on the top. Think of 5 words to describe the character and write them around the picture.	Make addition number sentences. Use 5 pennies and put them in a cup, dump the pennies and make addition number sentences using the amount on heads and the amount on tails. Do 15 problems (some problems will be the same). (ex. $2+3=5$)
Compass Complete at least 2 reading activities. https://www.thelearningodyssey.com/ *** Log-in information is in your child's take home folder.	Compass Complete at least 2 math activities https://www.thelearningodyssey.com/ *** Log-in information is in your child's take home folder.

Snow Day PE Options K-2

Option 1: WINTER WORKOUT (muscle strength/muscle endurance cardiovascular)

Play a song you like and do the following routine (repeat as many times as the song allows or repeat song):

10 Jumping Jacks

15 Toe Touches

20 Count Jog in Place

10 Push-ups

10 Sit-ups

20 Arm Curls

*Option 2: Buckets of Snow (Throwing skills, Aiming skills)

Find two buckets and place them in the snow spread apart from one another. Make several snow balls. You can have a team, or play one on one, depending on the number of players. Each team takes turn throwing their snow balls from a distance and tries to land them in the bucket. First team to fill their bucket with snow wins.

*Option 3: Snow Conquest: (Throwing skills, Aiming skills, Cardiovascular, Avoidance skills)

Build a snow fort for your team (or self, depending on the number of players) place an empty two liter bottle on top, this will serve as one of the targets for the game. The object of the game is to conquer the other snow fort by either knocking down their bottle with thrown snow balls, or taking out all their players with snow balls. Rules and specifics can be designed by the players.

Option 4: GoNoodle

A great way to get your students moving then try GoNoodle, it's free and there are six different activity choices.

Have your parents go to <https://www.gonoodle.com> and then sign up. It will track students activity choices, whether it's GoNoodle, KidzBop singalong, Zumba dance, Run with Us, or Koo Koo Kangaroo.

*Outside activities....Dress appropriately and use your best judgement.
